The Avant Gardeners

New Years Week Northern California Tour

The Avant Gardeners have decided to flee the snow and rain of the East and North and spend a week in sunny California. We've lined up 8 dances for them including a fabulous NYE in San Rafael.

The Avant Gardeners are **Laura Light** on fiddle and **George Paul** on piano, they will be joined by **Dave Bartley** on mandolin, guitar and bazuki and **Jubal Creech** on percussion. They were out this summer to play for the week at BACDS American Week in Mendocino and the dancers were buzzing like bees about the wonderful time they had. Be sure to brush up on your favorite old rock songs so you can sing 'My Girl' along with Laura Light as you dance. The centerpiece of this tour will be a fabulous **New Years Eve in San Rafael**, a good chance to dress up.
