Anyone with pictures, memorabilia or other nuggets can contact event organizers at CelebrateCharlie2011@gmail.com. Messages to Charlie are also encouraged and can be forwarded by email as well. Please note that these may be made public at the dance.

While Charlie continues to call, he has recently retired from managing and programming the San Francisco Contra as well as the ever-popular No Snow Ball. As a founder, initiator, organizer, programmer, caller and a man of both wisdom and action, Charlie is the reason we've had these events to enjoy through the years. Charlie was one of our dancing pioneers and formed part of the foundation upon which the strong Bay Area contra dance community developed and continues to develop. His interest and contributions to music and dance reach well beyond contra and are recognized and appreciated by a much broader community.

**Join in the celebration honoring Charlie for his many, many years of service.
It will be night for remembrances and a night to remember.**
