

Save the date for the 2011 BACDS
Fall Ball & Workshop

— *A PURCELL BALL* —

on Saturday, 19th November 2011
in San Mateo, California,

led by **Nicolas Broadbridge** (UK)

Nicolas Broadbridge is the founder and main teacher of the Glasgow & Edinburgh Assembly, and has led many workshops, balls and other English Country Dance events throughout the UK, the US and Europe. Besides calling, he is particularly known for his research, publications and recordings of historically significant collections of dances and their tunes.

Our Ball programme this year draws upon this work to present historical and modern dances set to tunes of Henry Purcell, England's pre-eminent composer of the 17th century. Other events are being planned around Nicolas's visit in November to bring us further material from his extensive repertoire; please watch for updates to the website and flyers for dates and venues. More information about Nicolas, his recordings and his publications is available at nicolasbroadbridge.com.

Further information about the Ball and other November dance events featuring Nicolas Broadbridge will be placed in the coming weeks on our website at <http://bacds.org/fallball>. Ball and workshop registration opens 1st September 2011.
