

# The 2013 Contradance Calendar

*featuring the photography of Doug Plummer*

*"If you haven't yet ordered one, do yourself a favor and don't delay ... no one photographs dancing better than Doug, and the calendar is a delight."*  
—Sharyn Peterson

*"He's a creative, innovative, and wildly talented photographer, and has dedicated many years to photographing dances. Just as the photographs of Philip Gould created a visual language to describe Cajun music, Doug is creating a beautiful visual language to describe contra and square dancing."*

—Devon Leger, Hearth Music

*"Great for keeping track of dance weekends and calling gigs."*

—Marianne Tatom Letts

*"It makes me want to visit all these wonderful dances all over the country!"*

—Liz Sturgen
