Jubilee American Dance Theatre performs the dances, music, songs & stories of the folks that made America - from the Swing Era to Appalachia, Cajun Country, the New England Whalers, the Tex-Mex border, and more.

Jubilee has been invited to represent American Dance at the Gannat Folklore Festival in France in July 2014. Jubilee also performs locally in schools, nursing homes, prisons and other venues on a volunteer basis. This sale is one of several fund-raising activities to help offset our operating costs to continue this work.
