The Hillbillies From Mars have been rocking the contradance scene in the San Francisco Bay Area since 1982. They combine their love and dedication to Celtic and American traditional fiddle music with a healthy dose of their own "folk roots" of rock 'n' roll, swing, Latin and African beats, forging a new tradition of dance music.

Delicious refreshments: shrimp platter, fruit platter, veggie platter, several artisan ice creams, raspberry cheesecake, chocolate cake, grapes, mms, more.
