This year's workshop will be for intermediate and experienced English Country dancers. Dancers should be comfortable with the standard figures and their common variations.

Bruce will focus on the role of music in English Country Dance, including:

- Hearing more of what the music has to say.
- Responding as a dancer to what the musicians are doing.
- Matching a figure to its musical phrase without needing to count.
- Enjoying the character of different tunes and types of tunes.

We'll also do some delicious dances that can only be done at this level.

There will be a break with snacks.
